

Largo Foods - Testimonial

We in Largo Foods are happy to provide Meath County Council with this testimonial.

Largo Foods was established in 1983 with 9 employees. Largo Foods is an Irish company and is the leading manufacturer and distributor of premium snack foods (crisps, snacks, peanuts and popcorn) in Ireland, supplying branded and own label products to Ireland, the UK, Continental Europe, Australia, Asia and Middle East.

Largo Foods has its headquarters and main production facility in Ashbourne, County Meath. This factory produces our potato based products and we are very proud of sourcing over 30,000 tonnes of potatoes from Irish farmers. Our main brands are Tayto, Hunky Dorys, King and Perri.

Ashbourne has been a great location for our business. We are ideally located with the M2 Motorway linking us directly to Dublin City, Dublin Port and most importantly the Airport. While the "quality of life" that is available to our staff makes this an excellent location for our business and our staff.

Our business has found Ashbourne to be an ideal base of operations and we can therefore recommend Ashbourne as an excellent business location for any prospective inward investment. We now employ 620 people in our business. All along the way we have had the encouragement and support of Meath County Council.
